

**Name Of Trail Loop:** Canelo Hills West (Bike) Loop

**Passage And Location:** Canelo Hills West Passage 3; east of Patagonia

**Length Of Loop Trail:** 31.0 to 31.6 miles

**Loop Trail Description:** If beginning at Canelo Pass trailhead, head west on the Arizona Trail. The trail will wind around hills and in and out of valleys/canyons. After 9.8 miles the new Arizona Trail turns right and the old Arizona Trail continues straight; go straight. Then after 3.9 miles the trail meets Harshaw Road (FR58). Turn left/southeast onto FR58. After 0.3 miles FR58 stays right. FR139 which goes to the left is about 0.6 miles longer than the FR58 route. When FR58 meets FR139 in 3.5 miles keep heading southeast on FR58. FR58 will eventually head due east and will meet FR799 which goes north back to Canelo Pass. The trailhead is about a mile north of the Pass.

**Recommended Seasons Of Use:** Spring, Summer, Fall, Winter

**Elevation Start:** 5327'

**Elevation Gain/Loss:** 2761'

**Access Point:** To reach east end of the loop at the Canelo Pass trailhead, turn south on FR 799 from Highway 83 near Canelo, and go 4 miles to the signed trailhead on the west side of the road. The west end of the loop is at the trailhead on the southwest side of Harshaw Road (FR58) 3 miles east of Patagonia. FR 58 begins in front of the US Post Office.

**Water:** Stock water may be available at Down Under Tank, Cott Tank Enclosure, Red Bank Well, and Gate Spring. For up to date details on water sources please visit the Arizona Trail Water sources at <https://aztrail.org/explore/water-sources/> and even use the Arizona Trail App <https://aztrail.org/explore/maps/mobile-app/> which has user comments about the status of water sources.

**Notes:** Cattle grazing occurs along the route of the trail. Please close all gates. For specific turn by turn information on the Arizona Trail visit the Arizona Trail databook <https://aztrail.org/explore/databooks/> and even use the Arizona Trail App <https://aztrail.org/explore/maps/mobile-app/>
